CHURN DRILLS FOR THE PITTSBURG ELY

The properties of the Pittsburg Ely Copper company are to be thoroughly prospected with churn drills if intentions of Manager Charles Straub are carried out. Mr. Straub with his nephew, Edward Straub, is here from Denver to do the annual work on the company's claims and will remain about two months. Mr. Straub is now endeavoring to secure a churn drill for Pittsburg Ely. At Wickenburg. Ariz. about fourteen miles from Phoenix, he recently completed a mill for the Arizona Belt Copper company.—Ely News.

INSPIRATION HAS ORE IN SCORPION SHAFT

Reports from the Inspiration Copper property are to the effect that a depth of 125 feet in the Scorpion shaft, a deposit of copper sulphides running 23 per cent has been encountered. The ore has been followed for fifteen feet. Drill operations, confined to the determination of the trend of the ore bodies, indicate the presence of the ore for a distance of 2500 feet on the vein, the tonnage continuing to grow in inagnitude as work progresses.

NO STOCK QUOTATIONS ON THIS ELECTION DAY

Owing to the effect that today is elec-tion day there will be no calls on the local stock exchange. Exchanges in New York Boston and San Francisco will also be closed for the day, and there will consequently be no easiern or west-ern stock quotations.

DALY WEST MINE IS LOOKING GOOD

Recent reports from the Daly West are to the effect that operations on the 1700-level are resulting in the opening up of large bodies of a good grade of milling ore, the showing at present indicating the near approach of the first-class product. It is said that the condition of the first opening the mouth generally is very gratifying and that it is probable that during the mouth another shift will be put on at the mill, which will mean an appreciable increase in output.

ELY CONSOLIDATED GETS THE BRILLIANT CLAIM

A deed conveying title in the Brilliant rlaim in the Rebinson district from John Weber and R. M. Petera to W. G. Nebsker of Salt Lake was filed Thursday. The property was retransferred by Nebsker to the Ely Consolidated Copper company—Ely News.

An Inhelation for Whooping-Cough, Croup, Coughs, Colds, Catarrh, Bronchitis, Diphtheria.

Cresolene is a Boon to Asthmatics. crescione is a Boon to Astirnatics.

Poss it not seem more effective to breathe in a remedy for diseases of the breathing organs than to take the remedy into the stomach?

Crescione cures because the air, rendered strongly antiseptic, is carried over the diseased sortece with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

For irritated throat there is nothing better than Crescione antiseptic Throat Tablets.

ally consummated is evidenced following information which comes from the cast:

"The property of the Newhouse Mines and Smelters has been bought for \$500,000 at forcelosure by the Trust Company of America, which was trusted under the mortgage.

"The South Utah Mines and Smelter company will be formed under Maine laws to take over the property under reorganization, with rotal capitalization of \$4,300,000. Of this amount \$1,300,000 will be 6 per cent income bonds convertible into stock at par, \$5. There will be 600,000 shares of stock, of which amount 260,000 shares will be reserved to care for the bond conversion. "The number of shares of the New house Mines and Smelters actually turned in for exchange into stock of the new corporation was 558,332; \$1,272,000 bonds were also deposited.

"It is now expected that the property which has been idle for some months, will resume operations in the not distant future. For months the output ran between 500,000 and 600,000 pounds and it was marketed through the United Metals Selling company."
